# EQUINE ENVIRONMENTAL HEALTH & BIO SECURITY SERVICE FOR YOUR STABLE ENVIRONMENT

We are the leading equine bio security specialists, keeping your horses environment healthy and free of pathogens - bacteria, viruses, fungi, and spores

A service developed by us, using Equine Bio Genie disinfectant that is trusted & favoured by the leading equine hospitals and professionals

Ideal to all - Private yards, Racing, Stud Farms, Equestrian Centres, Livery yards, Temporary stabling & Equine Hospitals

*"We use Equine Bio Genie as our main disinfectant at Rosssdales. The product works well to kill the major pathogens that we encounter. We are also happy to use a product that has less negative environmental impact"*

Emily Floyd - Clinical Director, ROSSDALES EQUINE SURGEONS

Zero chemical residue, no rinse product, your horse can go straight back in their stable after application

Horses spend the majority of their time in a stable, we owe it to them to keep that environment in optimal health

## WHY CHOOSE US?

### 360 Degree Bio Security

We work in teams of two, using specialist high powered nebulising machines to thoroughly spray our Equine Bio Genie disinfectant in every nook and cranny for a full 360 treatment of the air, surfaces and water.

### Stable Treatment

A cost effective yet thorough treatment with no down time - Our formula is horse safe which means your horse can return to the stable right after we finish treating it. There is no need to remove bedding or feed before the treatment; they can stay down thanks to our zero chemical residue formula.

### Treatment of All Yard Areas

We don't just take care of your stable; we also look after your transport, walkers, feed room and tack room.

### You Are In Safe Hands

Our disinfectant is the beating heart of Equine Bio Genie and is proudly used by top equine hospitals so you can be confident in the fact that your yard is being treated with the most effective biocidal disinfectant.

### Proven to Eradicate Diseases

Our disinfectant has been vigorously tested and has proven to eradicate **Ringworm, EHV, Strangles, Pseudomonas** and **Aspergillus**.

Keep your horse safe from disease with our 100% sustainable, organic, compliant disinfectant that has zero impact on you, your horse, and the environment.

Use our product at home yourself

Treatments are recommended at regular intervals but can be tailored to your budget and requirements
